THE COMPANY

The Advaxo Sign is a company with focus on Signages, Exhibitions, Events, Visual merchandising. Our process-Integrated Communications Management begins with generating consensus on the client's core identity and the overall objectives of the communications initiative. This consensus sets the tone for the agency/client relationship, places creative development in a meaningful context, and emphasizes measurability and accountability.

Advaxo Sign has always had its clients' interest at heart. Everything we do, very first planning stages of every new product, to the ongoing support for our finished products, is based on the client's interests and needs. In support of Flex Printing Solutions, we weave well-honed brand identities and business objectives together to create resonant, singular messaging. This crucial connection between insight and action is the product of Advaxo Sign methodology, which brings together strategy, brand and design.

We pride ourselves on challenges, and innovation which is at the forefront of our organisation. Our culture is one of continuous improvement, and this is reflected in our workplace and the manufacturing process that has become an integral part of our business.

MISSION VISSION

MISSION

Developing long term client relationships through innovative solutions, round the clock support & service.

VISION

To be an independent Custom signage manufacturing company, with reputation for expertise, reliability and quality in the industry by maximizing our combined strength through solid teamwork. To achieve our mission and vision, our strategic thrust will be to concentrate on our competency to be recognized as leaders in the industry, employee quality assurance in pursuit of service excellence.

OUR PROCESSES

Innovation is a habit. Customer service is our excellence. At Advaxo Sign, we pledge to provide our customers, service they cherish and we have the expertise to lead them to innovations that make their signage effective, lasting and iconic. We promise our customers the best service in advertising/signage development, starting from our first conversation and endures through it's lifetime. That is why we call it the best impression that lasts.

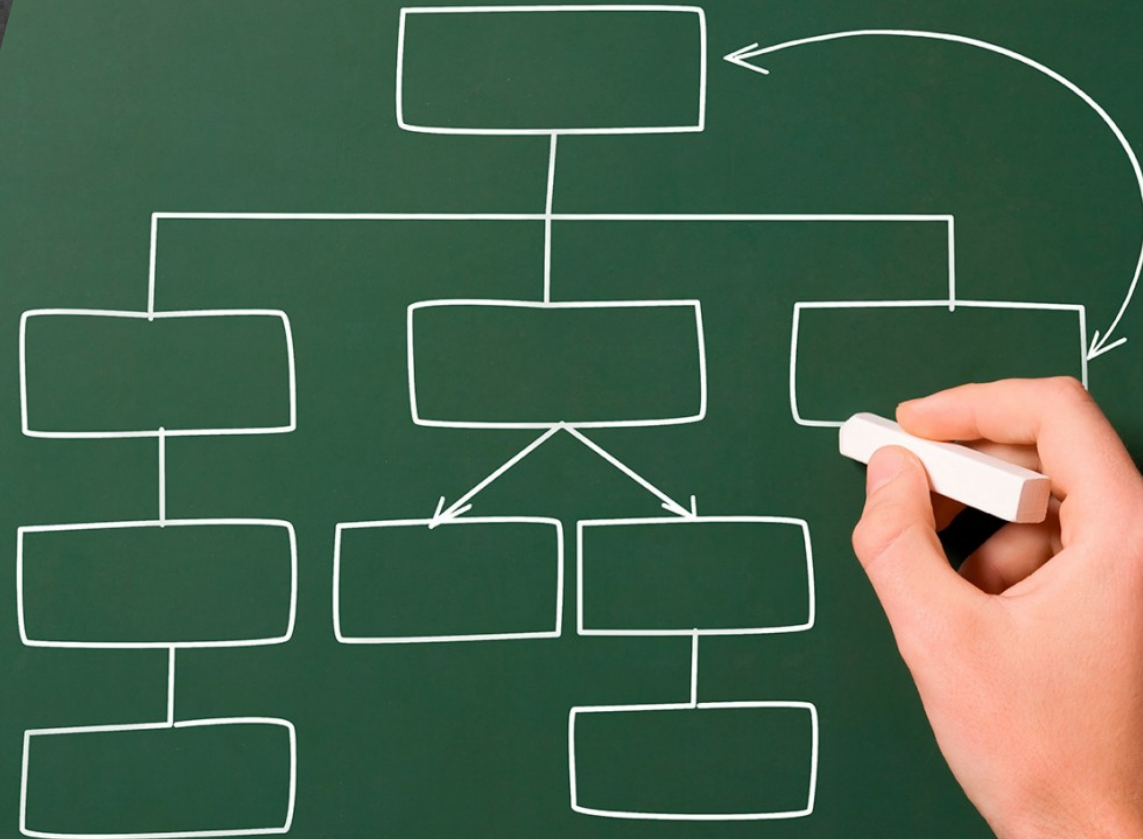

DESIGN DEVELOPMENT

We work close with our customers to understand their goals and how we can match them to their imagination. We work to fully understand the interior designs or exterior architecture retail shops in both overall vision and how that vision was executed.

We discuss and explain the functionality and advantageous of the proposed solutions with clients. We design advertising concepts that meet the facility's design and our customer's functionality needs, including budgeting and delivery of samples.

PRODUCTION ASSESSMENT

We develop production assessment document to support the entire introductory, development and design process, including: Sign/graphics/media specification drawings Sign / Graphics / Media location plans Installation roll out schedule.

INSTALLATION

In advance of the installation, our installation team will visit the site to review any last minute details and coordinate schedules with on-site facilities staff. The design/ build team will be on site to locate signs (Preinstallation) as well as review signs for punch list items (Postinstallation) as needed.

REVIEW & APPROVAL

We meet with client representatives on the site to review assembled documentation in detail. This is a key step in our collaborative process and it is critical that client representatives participate offer open feedback. Once all documentation samples and final product and installation quotations are approved, production begins. With production facilities, fabrication is scheduled to minimize the time from approval to the beginning of installation.

OUR SERVICES

CUSTOMIZED WALLPAPER

We specialize in designer wallpapers for walls. We have one of the biggest collections of designer wallpapers for walls, With changing lifestyle, more and more attention is given to the interior decoration. Home decor is being redefined with artistic skills and innovative techniques and designer wallpapers have been replaced by the age old concept of wall paints.

APPLICATIONS:

Repositionable digital wallpaper Walls
Removable digital wallpaper Glass
Reusable digital wallpaper Doors
Removable digital wallpaper Cabinets
Reusable digital wallpaper Metal and Plastic
Removable digital wallpaper Outdoor - vehicles, windows, displays, many more

BENEFITS:

In contrast, digital wallpapers are much more durable, being able to fully resist wear and tear in ways that paint simply can't. For example, digital wallpapers are tear-resistant and stay looking fresher for longer than traditional papers and paint. This means that you don't need to top it up or replace it as often, so it saves time and is more cost effective in the long run.

Our clients, like our people are our most treasured assets. We nurture every client relationship with commitment, passion and integrity, which is the reason why most of our clients have been with us through the decade of our existence. By building not just business relationships but really longlasting partnerships with our clients, we get the opportunity to work closely with them. This helps us to truly understand their unique business needs, and then we are able to customise our solutions and products to meet their long-term business goals. It is with pride that we can cite as our clientele, some of the leaders among global educational publisher sand institutes. We are equally proud to have contributed to the growth of many emerging players in the industry.
